Network Rack
10" Series
for home installation and small office

1004BKEC

1006BKEC

The solution for small data networks

Techly Professional 10" Cabinets are the result of an innovative project that meet the needs for cabling of small data networks.

Practicality and flexibility: removable side panels, 230° door opening and 10" rails with depth adjustable ensure greater adaptability during installation. Cable entry facilities and fan installation predisposition.

Quick assembly: pre-assembled, easy to install, ready to use: with assembly kit included.

Compactness: compliant with 10" standards, ideal for creating small data networks.

Economy: linear design to offer the best quality / price ratio.

Accessories: wide range of accessories to meet the needs of designers and installers.
