

Wall mount cabinet Flat Pack

19" with removable panels

Mini rack, max performance

Techly Professional cabinets are the result of an innovative project that meet the needs of structured cabling in data networks and telecommunications as well as of small home installations.

 **Effectiveness:** It requires 50% less space allowing reduction of logistics and shipping costs. The packaging is designed for long distance shipments.

 **Fast installation:** Although it is provided completely disassembled, assembly is done in less than 5 minutes and does not require any special tools.

 **Robustness:** Solid structure welded cold rolled steel ensures a static load up to 60 kg.

 **Versatility:** A pair of 19" adjustable 1.5 mm rails on the front with scale; removable blank side panels with key lock; fixed blank back panel; temperate front glass door, reversible, with key lock and opening angle greater than 180°. Slits in the upper and lower parts of the front and side panels for air flow. Top is ready for mounting 2 x 120 mm fans.

 **Accessories:** Wide range of accessories to meet the needs of designers and installers. With grounding kit and mounting screws kit included.
